MAKE IT HAPPEN

## VSLs (Variable Speed Limit Sign)

### AD307

Variable Speed Limit Sign

A.D. Engineering's AD307 VSLs (Variable Speed Limit Sign) is able to display any speed limit from 0 to 199 using its full matrix digits panel. Other alphanumeric characters and simple graphics can also be displayed on the 40 (wide) x 20 (high) LED pixel matrix.

Designed for hassle free installation, simple annual maintenance, superior reliability and power efficiency, the AD307 is the ideal choice for Australian conditions. The AD307 use ultra-bright, highest quality and long life LED technology.

AD307's are available in Australian standard sizes A, B, C and D.
